

What We Do

We make sure your ceremony is stress-free, personal, and unforgettable. From guiding you through the NOIM and helping you craft your vows, to planning music, styling, and rehearsals... we manage all the details, so you don't have to!

We love including loved ones and little helpers and even the perfect recessional. We have everything you need to tick the ceremony part of your wedding off your list so you can focus on a day full of love, laughter, and your happily-ever-after.

The M&D Story

Michelle & Dusty Wedding Ceremonies started with a passion for making wedding planning easy, stress-free, and affordable.

Michelle founded the business after marrying and then officiating her daughter Dusty's wedding. After organising two full weddings that were both cancelled due to COVID, they simply eloped in Michelle's backyard. That day was pure joy - they had so much fun and loved putting the whole process together. From that moment, they knew helping couples enjoy the magic of their own ceremonies was their calling.

Now with our husbands and other family members joining us, every detail is even more special... Clive is our styling assistant, builder, and music coordinator. Ginnie helps with music and setting up the signing tables, allowing us to focus on what we do best - delivering beautiful and seamless ceremony experiences for every couple.

It might seem small, but every role is a crucial part of the day. Together, we get to meet new people, visit amazing venues, and help couples create memories that last a lifetime.

At Michelle and Dusty Wedding Ceremonies, every ceremony is a story. And we feel privileged to help you celebrate your love, your way.

We LOVE Weddings

Over the years, we've been involved in hundreds of wedding ceremonies and through our experience, we have perfected a process that makes it simple, seamless, and personal, while keeping it affordable without compromising on style or emotion.

Our motivation is seeing the smiling faces of lovely couples as they say their vows and the love in their step as they walk back down the aisle. Then, as they go off for photos, we quietly reflect on the love we've witnessed and the stories we've helped tell.

We love telling your stories and creating new ways to celebrate love!

Why Trust Us

With hundreds of weddings officiated in just two years, we've seen it all - intimate backyard ceremonies, grand vineyard weddings, and everything in between.

We're approachable, friendly, and genuinely love helping couples celebrate their love. In 2024, our dedication and creativity were recognised with wedding industry awards, but what truly drives us is working with local couples and families to create beautiful, meaningful moments.

We're just normal local women who understand how important your day is. From guiding you through legal requirements to styling, music, and little special touches, we treat every ceremony like it's our own. With Michelle, Dusty, and our incredible team, you can trust us to make your day joyful, memorable, and uniquely yours.

Don't hesitate to get in touch!

Need Help Styling Your Ceremony?

When it comes to the styling and setup for your ceremony, we take care of all the little details and final touches.

Arbours, signing tables, florals, and so much more!
